ORDER OF ADJECTIVES

OPINION - SIZE - SHAPE - AGE - COLOUR - ORIGIN - MATERIAL - NOUN

COMMAS:
Separate Coordinate adjectives: Coordinate adjectives are those that carry equal weight—like co-workers in an organization. It doesn't matter which comes first because they both have equal emphasis. It does not matter which order coordinate adjectives appear in.
 EXAMPLE: Willy had a long, bushy beard.
 Willy had a bushy, long beard.
 It does not matter which comes first: long or bushy. These are coordinate adjectives. Notice the comma between the adjectives.

DO NOT Separate Cumulative Adjectives: Cumulative adjectives build their meaning in one particular order. You can not switch them around and still make sense.
 EXAMPLE: Willy wore his black basketball shoes. (This sounds silly, doesn't it?)
 The order of black and basketball does matter; black shoes appear first in the sentence. These are cumulative adjectives; they build their meaning in one order only. Notice there is no comma between them.

Arrange the adjectives in the right order:

- There was _____ outside the house.
(a big, black, terrifying, huge)
- I gave her _____ for her birthday.
(some handkerchiefs, beautiful, white, cotton)
